THE WHISTLER.

I know a lad of blithesome mood,
His age is three times three;
I cannot say he's always good,
Or yet from mischief free;
But let the day be cold or hot,
The sky be blue or gray;
If foul or fair it matters not,
He whistles at his play.

His darts the wily tempter flies
In daylight and in dark;
But when he's ever the whistler tries,
He's sure to miss his mark.

VITICULTURAL GLEANINGS.

In Napa valley the injury to grapes resulting from the unseasonably long season of warm weather will affect prices, and higher figures are talked of now than before the crop was damaged. A few weeks ago \$5 per ton was generally mentioned as the probable price that would be paid for the most common varieties. It is very evident that growers will receive considerable more than they thought possible six weeks ago. -*Callistogian*.

We have interviewed several prominent winemen this week in order to ascertain what they are offering for grapes this year. None of them have set any price yet. Those in this vicinity are evidently waiting to see what Schilling and Carpy will offer. We have heard of bargains being made at from \$8 to \$15 per ton. -*St. Helena Star*.

A movement has been set on foot by the Johnson-Locke Company of San Francisco to open up a new market for California wines. They propose to ship to the east coast of South America, a large territory which has heretofore remained undisputed in the hands of the French wine merchants. The shipping is to be done per the new line of steamers between New York and San Francisco. According to the Handbook of American Republics, France has had things entirely her own way in those countries. Her exports to South America in 1888 amounted to over \$14,000,000, nearly all of which came from the territory on which the new scheme is intended to encroach. The Argentine Republic paid France \$10,243,000 Uruguay \$1,916,000 and Brazil \$581,000. At this time there is about 15,000,000 gallons of wine in stock in this State, mostly wine that was held over from last year, when prices were low.

For the past four or five years the great wine industry of the State has been passing through a critical period of its existence—a period of low prices and general depression. It seems now that the lowest point of this critical period has been reached, and that the reaction must come. Everything would seem to indicate that the present low prices cannot longer be maintained, and that after the present vintage there will be experienced a more active demand for our wines with a steadily enhancing value. There are most potent reasons for believing that the time for this change is near at hand. For the past four or five years no new vineyards have been planted and instead of an increased acreage the vineyards of the State have decreased in area to a considerable extent, caused by the attacks of disease in some sections and by the replacing of vines by fruit trees in others. It is an undisputed fact that the wine production of the State is decreasing, while the consumption of the product is steadily increasing. Our growers are slowly but surely establishing the reputation of California wines abroad and developing a direct and increasing trade throughout the East. In view of this the demand for pure California wine must increase, and with a lessened production to supply this demand prices must inevitably advance. The general quality, too, of California wines has wonderfully improved during the past few years, and will continue to improve. Growers have been brought to realize that to command a ready sale and fair price for their wine they must look well to the quality and put forth the best article possible. The consequence is that it is now a matter of general knowledge that the character of our wines has vastly improved in the past few years and the product is slowly but surely gaining for itself that reputation which in the near future will cause it to be sought after in the markets of the world. -*Napa County Viticulturist*.

The Donahue Road.

President J. F. Burgin of the San Francisco and North Pacific Railroad says there is no truth in the statement that the road is likely to be sold at forced sale. It will be sold, perhaps, some time in the near future. No overtures for a sale have been made to anybody. Mr. Burgin also says: "We are completing certain betterment contracts made by Mr. Donahue, such as replacing iron rails by steel and broadening a part of the road, and until they are performed there will be no dividend. The business of the line is increasing, and by the end of the year, when these contracts are off our hands, its condition will be fairly prosperous. For 1889-90 we earned a surplus of \$71,000, which went into these contracts. Last June the road showed an increase of earnings over the previous year of \$59,000." -*Bulletin*.

A Mystery.

How the human system ever recovers from the bad effects of the malarious miasma often literally poured into it for the supposed relief of dyspepsia, liver complaint, constipation, rheumatism and other ailments, is a mystery. The mischief done by bad medicines is scarcely less than that caused by disease. If they are weak, they dyspepsia, constipated or rheumatic, would often be guided by the experience of invalids who have thoroughly tested Hostetter's Stomach Bitters, which is a thoroughly safe remedy, derived from vegetable sources, and possessing, in consequence of its basis of pure spirits, properties as a medicinal stimulant not to be found in the fiery local bitters and stimulants often resorted to by the debilitated, dyspeptic and languid.

Now Try This.

It will cost you nothing and will surely do you good, if you have a Cough, Cold, or any trouble with Throat, Chest or Lungs. Dr. King's New Discovery for Consumption, Coughs and Colds is guaranteed to give relief, or money will be paid back. Sufferers from La Grippe find it just the thing and under its use have rapidly and perfectly recovered. Try a simple bottle at our expense and learn for yourself just how good a thing it is. Trial bottles free at E. Wegner's Drug Store. Large bottles 50c and \$1.00.

A Wonder Worker.

Mr. Frank Huffman, a young man of Burlington, Ohio, states that he had been under the care of two prominent physicians, and died their treatment until he was not able to get around. They pronounced his case to be consumption, and incurable. He was persuaded to try Dr. King's New Discovery for Consumption, Coughs and Colds, and at the time was unable to walk across the street without resting. He found, before he had used half of a dollar bottle, that he was much better; he continued to use it and in a day enjoying good health. If you have any Throat, Lung or Chest Trouble, try it. We guarantee satisfaction. Trial bottles free at E. Wegner's Drug Store.

For Dry Goods, Clothing, Groceries, Hardware, Cutlery, and also everything kept in a general merchandise store go to S. Schocken's, north side Plaza.

There was a heavy shower of rain last Sunday morning between three and four o'clock, which laid the dust throughout the valley. The precipitation was over an inch.
Col. Wm. Harney, who was killed in the railway disaster on the Southern Pacific in Kern county, last Wednesday, was one of the Board of Directors of the Home for Feeble Minded at Glen Ellen.

T. B. Wilson of Cloverdale has qualified as guardian of the minor heirs of the W. P. Wilson estate in the sum of \$6,000. His bondsmen are Ed. Wegner, H. Laux, M. Marti, H. B. Granice, S. Schocken and L. Modini.

The open season for quail commences on the 1st of next month. Under the old law, repealed at the last session of the Legislature, the close season opened on the 10th of Sept. The law is subjected to so many changes that it is a hard matter for sportsmen to keep posted in regard to the game laws.

Mr. A. Zeller, the enterprising proprietor of the Union Hotel, has recently set up in the bar room of the same, a fine new patent ice chest. He has also introduced for the first time in Sonoma the celebrated Vacuum Lager beer, which is considered by experts to be the best and healthiest beer made.

Bicycling is all the rage at the present time, and every young man would have a wheel were it not that the cost stood in the way. A fine chance is now offered to get a first-class bicycle for one dollar by taking a chance in the one to be raffled off at the Sonoma House as soon as 120 chances are taken. The machine can be seen at the above hotel, where chances can be secured.

Jeremiah Foley, brother of Mrs. F. Grothaus of this place, was run over by a locomotive at Port Costa last Saturday morning and received injuries that caused his death a few hours after the accident. The deceased was an old and trusted employee of the Southern Pacific Company and it was while in the line of duty that he lost his life. Mr. Foley was about forty years of age and a native of Ireland. His funeral took place in San Francisco last Tuesday, the remains being interred in Mount Calvary Cemetery.

A red fox of unusual size strayed into town from the mountains to the northward last Monday morning. The fox was seen near the freight depot by C. W. Crooks, who approached within twenty feet of the animal which became frightened and scampered off. These animals of late years have been greatly multiplying in the mountains skirting the valley on the north which are alive with them. They are wary and are seldom seen unless a pack of dogs are put upon their scent. They have a penchant for hen roosts and the farmers north of Glen Ellen have suffered greatly of late from their depredations.
A number of prominent young men of Sonoma met at the residence of Clement J. Schuster last Saturday evening and organized a wheelman's club. The new club will be known as the Sonoma Bicycle Club, the object of which will be physical culture, general sociability and the encouragement of bicycling in Sonoma, than which there is no more healthy and enervating exercise. George Breitenbach was chosen President of the club, Clement J. Schuster Captain and H. H. Granice Secretary and Treasurer. Those present at the organization were Fred. L. Clark, Henry Martin, Claud Johnson, Clement J. Schuster, Geo. Breitenbach and H. H. Granice. The latter not being a wheelman at the present time will ride his "boss" on the occasion of the club's first outing, which will be one week from to-morrow. A number of new members will be taken in at the next meeting of the club.

BURGLARY.

Amateur Crooks Effect an Entrance Into Clewe & Co's Store and Bulotti's Saloon.

Swag to the Amount of Between \$300 and \$400 Secured.

At an early hour Sunday morning a couple of crooks, evidently amateurs if one is to judge of the bungling way in which the job was done, forced an entrance into Bulotti's saloon and Clewe & Co's store.

The former's premises were first invaded and a quantity of cigars and liquors secured. The burglars having regaled themselves with choice O. K. whisky and Havana cigars at the expense of Mr. Bulotti, repaired to the store of Clewe & Co. and with a brace and bit which had subsequently been stolen from Julius Pochetti's blacksmith shop, drilled a number of holes around the lock of one of the doors on the Broadway side entrance to the store, and succeeded in effecting an easy entrance.

Once inside the cracksmen proceeded to lay their hands on everything in sight, and in a short time suits of clothes, boots and shoes, jewelry, cutlery, cigars, pistols, and almost everything else "usually kept in a general merchandise store," were packed into sacks and toted away. The sacks contained potatoes. These were dumped promiscuously on the floor and the store next morning presented the appearance of a potato bin.

The burglary was not discovered until about six o'clock on Sunday morning. Officer Sparks and the owners of the store were then notified and a search for the guilty parties and the booty they obtained, which no doubt is cached near town, was immediately instituted but without result, and up to the present time no clew has been obtained as to the thieves or the stolen property, if we except one sack of clothing which was found near town.

The burglary was evidently the work of amateurs as no effort was made to force the safe in the store, and the way the door was forced open shows that the work was not done by professionals.

It is estimated by Clewe & Co. that the value of the goods stolen is between \$300 and \$400.

Mr. Bulotti's loss was very slight.

Two boxes of cigars taken from his saloon were found in the Plaza, where they had been abandoned by the thieves.

CITY TRUSTEES.

They Make the Tax Levy for Year 1891.

The City Trustees met in special session last Monday for the purpose of making the tax levy for the present fiscal year. The following were present: Trustees Poppe, Wegner, Litzius and Bulotti.

After the matter under consideration had been discussed at length by the members of the Board, Trustee Litzius introduced the following resolution which was unanimously carried. Resolved, that the rate of taxes for the year 1891 be and the same is hereby fixed at 30 cents upon each \$100 of taxable property for the general fund and 10 cents for the sewer and water fund. The City Clerk is hereby directed to apportion the said taxes upon the assessment roll as equalized by the Board of Equalization, and to make out and deliver to the City Collector a tax list in the usual form taking his receipt therefor. The Board then adjourned.

Collapse of a Bridge.

The county bridge which crosses Sonoma creek at Embarcadero, an ancient structure which was condemned by the county Supervisors several months ago as being unsafe for heavy traffic, collapsed last Wednesday afternoon with a loud crash, precipitating thirteen head of horses and five steers, that were in the act of crossing, into the stream below, which contained about three feet of water. The bridge gave way in the center. Deputy Sheriff Fine and George Tate, who were driving the stock, fortunately were not on the structure when it went down. Strange to relate the stock escaped uninjured.

Stolen Goods Recovered.

A barley sack containing three coats and five pair of pants, part of the swag secured by the burglars who forced an entrance into Clewe & Co's store, last Sunday morning, was discovered under a culvert near Sonoma creek about a mile and a half west of town, Thursday morning, by a son of Alex. McGill and returned to the owners. It is thought that the balance of the stolen property is secreted in the western suburbs of town. No clew to the burglars has yet been obtained.

After a visit of several weeks in Sonoma Mr. L. Robinson and his daughter returned to San Francisco last Thursday. Mr. Robinson was surprised and pleased at the improvements going on in our town.

Last Monday evening the home of Mr. and Mrs. Andrew Gooss of this city was the scene of a pleasant social given in honor of the departure of Mr. L. Robinson and his daughter Miss Ella for their home in San Francisco. A number of friends were invited and the evening was delightfully spent in social converse and listening to vocal music. Refreshments were then served, after which "Home, Sweet Home" was sung by Miss Robinson and Mr. Gise.

Miss Minnie Gooss of this valley was quietly married by the Rev. Dr. Rathbone at the home of her sister Mrs. L. Smith in Oakland last week to Mr. Wm. Keating. The bride was becomingly attired in a neat wedding robe, and was the recipient of warm congratulations from relatives and friends present, after which the happy couple left for a short trip to Santa Cruz. Upon their return they will reside in a pretty cottage home in Lorine near Oakland, which the groom has recently purchased. Many handsome presents were given to brighten the new home of this young couple.

The 89th anniversary of the birthday of Mrs. Stephen Akers was happily celebrated at her home in Shellville on Saturday last. A fine collation was served consisting of choice meats, cake, fine old wine and other delicate vinds. The table was handsomely decorated with choice cut flowers, old china and solid silver, relics of the youthful days of the grand old hostess who still retains much of her former activity, both physical and mental. Upon this occasion the only head ornament worn by this aged lady was a coil of her own silver hair, which was quite profuse in its shining beauty. There were present on this joyous celebration several of her children, grand children and great grand children and a few intimate friends of the family, who wished the happy old lady many pleasant returns of her natal day. The following guests were present: Mr. and Mrs. S. Akers, Mr. and Mrs. Wm. Goodman, Mr. and Mrs. Robt. Lyon, Mrs. Ellen Cassebohm, Hon. Robt. Howe and wife, Mr. Sneed, Stephen Akers Jr., Misses Grace Lyon, Ida Goodman, Mattie Goodman, Willie Akers, Alice McRoberts, Virginia Howe, Zarifa Howe.

THE HIGH SCHOOL QUESTION.

Ed. INDEX-TRIBUNE.

The more the High School question is discussed and understood, the more people you will find who are opposed to it. Although I am not interested in your city taxes, yet I not only agree with your correspondent of last week, but I shall go him one better and say that in the notice for the High School election the amount of money to be raised for that purpose should have been stated. And I will further say that the Trustees managing this business in engaging a teacher at a salary of \$100 per month and renting and fixing up a dilapidated building have shown poor qualities as managers. I have been informed by T. B. Wilson that in Cloverdale a High School has been established with no expense to the tax payers whatever, the Principal of the Public School also teaching the High School grade, thereby reestablishing the former status of the school. Mr. Watson made nearly the same proposition to the High School Trustees, requiring only a little more expense per month, which would have been covered by a tax of one or one-and-a-half cents on the \$100, but this proposition was rejected. Can the High School Trustees give any good reason for such action? If not, the people at the next school election may change the personnel of the High School Board.

Yours Truly,

Suspected The Wrong Man That Time.

Mr. A. Healy of Sears' Point, the Herculean section foreman of the Donahue railroad, came up on the cars last Wednesday evening. A large and well filled barley sack which he carried upon his shoulder upon alighting from the train took the eyes of a keen city detective, who ought to have known better, who suspected that Mr. Healy was carrying a portion of the swag taken from Clewe's store by burglars a few nights ago. The detective demanded to be allowed to investigate the contents of the sack. Mr. Healy was thunderstruck at this demand. At this juncture the over-judicious detective was informed by well known citizens whom Mr. Healy was, and he thereupon apologized. The jovial Healy took the incident good naturedly, although grieved unmercifully by his many Sonoma friends.

The Webb Estate.

The farm of the late Mr. and Mrs. R. M. Webb, formerly of this place and who died in Lemoore, Tulare county, nearly a year ago, will be sold by the administrator of the estate, Fred. M. Webb, at private sale in Lemoore on or after the 2nd day of October. The farm is located on Broadway, one mile south of town.

Newspapers for Wrapping Trees.

The Grass Valley Tidings says: Mr. H. Healey, proprietor of the Mount Olive ranch, near Colfax, narrates his experience of five years as an orchardist. Borers caused him much loss and vexation, and he undertook to thwart them. He tried the V-shaped slake plan and oil soap with some success. Last season he set out twenty acres, and commenced to wrap the trunks of the trees with strips of sacks. Running short of this material he had recourse to newspaper. Not a single borer was found in the trees wrapped with paper, but in the sack-wrapped trees they were found in the wrappings. His advice to persons setting out orchards is to wrap the trunks with paper, and he will warrant no trouble will be experienced from borers. Cut the paper in strips three or four inches wide, commence as high on the tree as the first limb, wind the paper diagonally down the tree, draw it tight at the top to hold itself and cover the lower end with dirt to hold it.

How Mr. Tom Morris got to San Francisco yesterday, (if indeed he went). How he is to get back again, (if indeed he comes back), and how he is to get along anyway with that lame foot of his only Mr. Tom himself can say. Sometimes alas, our understandings fail us, and happy are we if it be only those of the sole.

"When the swallows homeward fly; ah! then the roses scattered lie." At least so they do at Home Farm, lamenting the homeward flight of Mrs. A. G. Anderson and little Hazel. Mrs. Anderson, with her sunny disposition and kind heart, makes life *couleur de rose* to all around her. The past six months she has spent at Home Farm for her little daughter's health, which has been greatly benefited. Ah me! ah me! "her bright smile haunts me still."

State and County Taxes

County Clerk Juilliard has received a circular from the State Board of Equalization giving the State tax rate as follows: For general fund, 23.4 cents; School fund, 17.6; interest on sinking fund, .01; Special, Mendocino Insane Asylum fund, .016; total rate of State tax 43.6. An ad valorem tax of 1 cent for the University fund is also declared, making in all 44.6 as the rate for the State. Mr. Juilliard thinks the county rate will not be more than 65.4, making the total rate \$1.10—*Santa Rosa Democrat*.

The World Enriched.

The facilities of the present day for the production of everything that will conduce to the material welfare and comfort of mankind are almost unlimited and when Syrup of Figs was first produced the world was enriched with the only perfect laxative known, as it is the only remedy which is truly pleasing and refreshing to the taste and prompt and effectual to cleanse the system gently in the Spring time or, in fact, at any time and the better it is known the more popular it becomes.

A fine safety bicycle and attachments costing \$140 will be raffled for at the Sonoma House as soon as chances are taken. Tickets, \$1 each. One hundred and twenty chances. This is one of the finest bicycles in the State. This is the best chance ever offered for getting a bicycle on a small investment.

The Union Hotel has changed hands and has been thoroughly renovated. The tables are supplied with the best market affords. Trout fishing near at hand. The climate is unsurpassed and all who make the Union Hotel their home will be well treated.

Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running sound and imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out of this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

CASTING PEARLS BEFORE SWINE.

A Touching Bit of Mutual Courtesy Between Helpless Women.

An incident occurred on a west-bound Madison cable car the other day which made even the grizzled old conductor look with pride and respect at a sweet faced, gray eyed little woman and with contempt on a number of well dressed, well to do human swine who occupied about half of his car.

At the corner of Throop street a young woman carrying in her arms a baby of about two years, very large and heavy for its age, hailed the car. When, after some difficulty, she succeeded in boarding the car, it was noticed that she was hardly equal to the task of holding her baby. Every seat was occupied, however, and she was obliged to remain standing in the aisle, where she staggered at every lurch of the car. Several times her big baby was almost thrown from her arms.

(Her mute appeal for a seat that she might rest her arms of her precious freight was unanswered until the little gray eyed woman looked up from a book she was perusing. Instantly she arose from her seat and tenderly bade the young mother to take her place. It was then noticed for the first time that the little woman was crippled and that she stood rather awkwardly in the aisle, at times compelled to hold to the seat railing to prevent being thrown to the flooring of the car.

This was noticed by the young mother, and without a word she got up, gently pushed the little woman into the seat, and then with a sweet, "You won't mind, will you?" placed her pretty baby in the lap of the little woman. With a look of scorn and pity commingled the young mother glanced at the big beasts who lolled in their seats, and then turning to her baby and its guardian she looked as independent and as happy as a queen.

Meantime the little woman and her protegee were getting well acquainted, and when she signaled the conductor to stop, that she might leave the car, the baby was a very pretty good neck chain, which had not been there before. As she got up to depart the gray eyes of the little woman grew cold, and there seemed to be a dangerous glitter in them. She was determined that the young mother should have her seat, which she succeeded in securing for her. On leaving she handed the baby a card, which when read by the mother acquainted her with the fact that the crippled little woman was the maiden sister of one of the best known judges now sitting on the circuit bench in Cook county.

But the swine—they simply curled their legs into more comfortable positions, and talked louder than ever.—Chicago Tribune.

Good Suggestions for Dyspepsia.

A writer, evidently of a practical turn of mind, tells how easily the wretched dyspeptic can be made to slip off into the land of dreams. He says:

The dyspeptic of course eats a light supper, may resort to the use of a towel, wet with tepid water, and covered with a dry cloth, the whole then applied to the pit of the stomach. Before the sufferer knows it she will float into shadow land, such is the sympathy between the organs of digestion and the brain. Owing to the position of the stomach, a light sleeper ought to sleep on the right side instead of the left, never on the back.

If there is a tendency to cold feet, a thin woollen blanket may line the lower third of the bed. The limbs ought not to be greatly flexed, a position which prevents free circulation, and they should rest one upon the other lightly. The night light, where used, ought to be a tiny taper, not red gas or kerosene, both of which devitalize the air.

A darkened room is the best. Nature puts out her light and draws the curtain of darkness for a purpose. With good habits, physical and mental, and a determination not to deal with anodynes, sleep may be won from its shyest lair to watch over the restless pillow.

A Strong, Bright Light Beneficial.

One very great mistake which people make is not using enough light. There is a popular delusion that a good, bright light hurts the eyes. A good, strong, bright light is almost always the proper thing. Even in cases of weak, sore or inflamed eyes it is better to have plenty of light. The eyes should at such times have as much light as can possibly be borne, and the cure will go on all the more rapidly.

But for the eyes that are not sore or inflamed the way to keep them well and to increase their strength is to give them all the light possible. The brighter the light the more the eye will be developed and strengthened. Weakness and disabilities of the eyes from overuse are often seen, but a good, bright, strong light does not usually do any harm. It tends to good, create health and give strength.—London Tit-Bits.

When the Fish Was Caught.

Grignoli, the son of a fisherman, a priest in a rich abbey in Florence, had a net spread every day on the table of his apartment to put him, as he said, in mind of his origin. The abbot dying, this dissipated humbly procured Grignoli to be his successor, and the net was used no more. A friend who came to see him the day afterward on entering his apartment said, "Where is the net?" "There is no further occasion for the net," replied Grignoli, "when the fish is caught."—Notes and Queries.

"German Syrup"

Martinsville, N.J., Methodist Parsonage. "My acquaintance with your remedy, Boschee's German Syrup, was made about fourteen years ago, when I contracted a Cold which resulted in a Hoarseness and a Cough which disabled me from filling my pulpit for a number of Sabbaths. After trying a Physician, without obtaining relief—I cannot say now what remedy he prescribed—I saw the advertisement of your remedy and obtained a bottle. I received such quick and permanent help from it that whenever we have had Throat or Bronchial troubles since in our family, Boschee's German Syrup has been our favorite remedy and always with favorable results. I have never hesitated to report my experience of its use to others when I have found them troubled in like manner." Rev. W. H. HAGGARTY, of the Newark, New Jersey, M.E. Conference, April 25, '90.
